

# Aspire Integrated Electronic Payments

POWERED BY CARDCONNECT

**Speed up receivables and increase cash flow** while adding flexibility and convenience for your customers.

## Get paid quicker—and receive your money faster.

Accepting electronic payments not only shortens the time from invoice to payment but also reduces the wait for funds to be deposited in your bank account.

Even better, this integration automatically syncs payment data to eliminate data entry and improve your ability to track and report transactions.

## Increase potential revenue.

Eliminate barriers to purchase and avoid limitations on project scopes by providing customers with the option to utilize credit to finance their landscaping investment.

## Improve money management.

Decrease the invoice-to-payment timeline, reduce billing and collections, and optimize cash flow management and forecasting with electronic payment processing.

## Simplify the accounting process.

Improve your ability to track and report transactions, minimize potential accounting errors, and eliminate the risk of accepting a bad check with integrated electronic payments.

## Save time and money.

Streamline the payment process to add value for your customers and expand upon your opportunities with an integrated electronic payment solution that automatically syncs to Aspire.
